

**2019-55 - FOI Request - Emergency/inpatient episodes**

|  |   |
|--|---|
| <p>1) The total number of adult emergency and elective inpatient beds across the Trust, excluding maternity (and paediatric) beds.</p>   | <p>588 beds as of 31/12/2018.</p>   |
| <p>2) The total number of adult emergency and elective 'inpatient episodes' within the most recently recorded 12 month period, excluding maternity (and paediatric) episodes.</p>  | <p>33,604 inpatient episodes in 2018.</p>   |
| <p>3) The number of emergency and elective 'inpatient episodes' belonging to adults aged 65 years or over, within the most recently recorded 12 month period.</p>  | <p>15,984 inpatient episodes in 2018.</p>   |
| <p>4) Of the number of emergency and elective 'inpatient episodes' belonging to adults aged 65 years or over within the most recently recorded 12 month period, how many of these required a domiciliary social care package to be implemented prior to discharge?</p>   | <p>We do not hold this information.</p>   |
| <p>5) The sum of the number of days each inpatient bed was occupied by an adult aged 65 years or over whilst he/she was deemed 'medically fit for discharge' but was unable to be discharged due to inadequate social care provision, in the most recently recorded 12 month period. (Please give data separately for each emergency and elective bed types if readily available, otherwise combined data is</p> | <p><b><u>Section 12 - Exemption where cost of compliance exceeds appropriate limit</u></b></p> <p>Unfortunately we estimate that complying with this request would take us in excess of 2.5 working days to determine appropriate material and locate, retrieve and extract the information. This is because it would require a manual review of the records.</p> |
